# Report of the Librarian.

FOR THE YEAR 1917

---

Only about thirty new books were added during 1917, because the purchase of the regular yearly supply of new ones was unavoidably delayed until January. All of these will be ready for circulation the first of February. I think the decrease in circulation of fiction is due mainly to the fact that people have been too busy to read rather than to the lack of new books. The circulation of magazines and certain classes of books has been good.

A fine oil painting of Hon. Marshall P. Wilder, a present from his sister, Mrs. Bigelow, has been hung in the art-room.

For the museum we have received, from Mr. Frank Robbins, an old fashioned tailor's goose, which must be very ancient.

The Red Cross has found a home at the library both comfortable and convenient, where Rodney Wallace's kindly face looks down upon the busy workers in benediction.

Following is the Table of Circulation for 1917.

	Books	Daily Average	West Library	Ridge Mags.	Unb.
Jan.	256	27	14		28
Feb.	208	30	7		46
Mar.	234	26	10		74
Apr.	233	27	14		47

May	230	29	12	25
June	222	25	8	24
July	280	40	8	52
Aug.	307	34	13	43
Sept.	216	24	13	50
Oct.	239	27	15	44
Nov.	162	20	12	43
Dec.	185	23	17	53
<hr/> Totals	<hr/> 2,772		<hr/> 143	<hr/> 529

The different classes stand as follows:

Fiction, 2,002; History, 118; Biography, 109; Travels, 109; Sociology, 76; Useful Arts, 122; Natural Science, 81; Fine Arts, 32; Poetry, 37; Miscellaneous, 86.

Circulation of Juveniles, 923

Largest daily circulation of books, 75; given out on August-18

Respectfully submitted,

ELLA M. BRIGHAM,

# Report of West Rindge Branch Library.

FOR THE YEAR ENDING DECEMBER 31, 1917

---

Whole number of books circulated, ten hundred and ninety-eight, (1098). Of this number ninety-four were from the Ingalls Library, and circulated through the Branch Library. Thirty-three books were sent to the Ingalls Library.

The different classes stand as follows: Fiction 630; Sociology, 72; Useful Arts, 76; Fine Arts, 21; Philology, 23; Travels, 23; Biography, 23; Modern History, 34. Poetry, 63; Natural Science, 48; General Works, 41; Unbound Magazines, 10; Miscellaneous, 34; Juvenile, 398.

Twenty-three names have been added to the list of patrons during the year; the whole number being 635.

Among the new books which Miss Ware added to the Library are many very instructive ones upon Home Economics, and others.

Friends of the Library have given other books which are much appreciated. The Magazines and Pamphlets are also appreciated. We are glad to report that the school makes good use of the Library.

We are daily receiving the "Official Bulletin" from Washington, D. C.

Respectfully submitted,

M. LIZZIE WETHERBEE,

*Librarian.*

# Report of the Ingalls Memorial Library.

JANUARY 1, 1917-JANUARY 1, 1918.

---

To the Selectmen of the Town of Rindge:

The Report for the Library for this year has nothing of special moment to record beyond the items of repairs to the building, which are mentioned in the Treasurer's Report, and the data of circulation as given by our faithful and helpful librarian, Miss Brigham. It is a great satisfaction to know that the books are so much in demand in spite of the war activities, as shown by the total number of books and magazines issued at both the Central and Branch Libraries. The Trustees wish especially to express their pleasure that the Ingalls Memorial Library should be able to open its doors for the Red Cross work, as they know that it has the wish of the generous founder that his Library should be the happy centre of all the best activities of the Comunnity.

In closing we must ask for the annual appropriation of three hundred dollars, and the interest of fifty dollars on the note of the Town of Rindge for the current expenses of the coming year.

Respectfully submitted,

MARY I<sup>E</sup>EE WARE, Sec.

The electric light committee submits to the town the report of its operation during the past year, first the expenditures on extended lines at Lake Sunshine as follows:-

Three transformers	\$100 64
Six meters	40 08
Cross arms and poles	96 00
450 lbs. wire at 35½ cents	169 75
Labor	93 53
 Making a total of	 \$500 00

Now we have on hand the following stock bought this past year.

Two transformers	\$60 38
Fifteen meters	102 00
Two reels of wire, No. 6	200 00
Six empty reels	13 00
Guy wires, torch, bolts, lamps, and washers	75 68
 Stock on hand from last year	 \$451 06

Poles, tools, etc.	\$250 00
--------------------	----------

On the original line we have installed ten new meters, one new transformer, and replaced one transformer.

Amount of money uncollected from subscribers now due \$68 18

We now have installed fifty-three meters, minimum charge being one dollar per meter, per month. Also ninety-one street lights which the Public Service Commissioners of Concord say are worth from fifteen to eighteen dollars per light, if owned by a corporation.

Our bills are all paid with the exception of one unpresented bill of Brown Bros. of Winchendon, not exceeding fifty dollars, and the sixteen thousand dollar notes of the Monadnock National Bank.

# Report of the Superintendent of Schools

---

To the School Board of Rindge:-

I am submitting herewith my second annual report, this being the fourteenth of the series under district supervision.

The comments that I shall offer are merely a repetition of those already made to you at the regular monthly meetings that have been held throughout the year. I. believe that these meetings held regularly and attended by the members of the Board and by the Superintendent have been productive of much good as they have kept those in charge of the school system in full accord regarding the plans and purposes being carried out; have eliminated any possible criticism of "one-man" authority; have put the business affairs of the district on a sound basis and have, in every way, been helpful in systematizing the work of administration.

In view of all the problems that have been encountered I believe that I can say that the schools of Rindge have, during the past year, been conducted with as high a degree of success as could be reasonably expected. At the opening of the present school year in September only one of last year's teachers returned, Miss Boucher at East Rindge. This made it necessary to secure four teachers, two from Fitchburg Normal, one from Keene Normal (all without experience) and one a young lady with two years' college training and a brief teaching experience.

Since the opening of the present year the school at East Rindge has fallen off very largely in numbers on account of the

removal of several families so that, at the time of my last visit, there were but seven pupils in attendance. I have in my hands the resignation of Miss Boucher, to take effect March 29. If present conditions promise to continue I should recommend that, from the above named date, the school be closed for the remainder of the school year and the pupils transported to the Center as no school can maintain interest with so small a number of pupils.

During the past summer the residents of District No. 6 petitioned your Board for the reopening of the school in that district. After due hearing the Board decided favorably and ten pupils enrolled. The number soon began to diminish through removals from town until at the close of the fall term there were but four in attendance. As there was no prospect of increased numbers the only course to follow was to close the school, transporting the few pupils still left in the district to the Center.

At the close of the last school year the Center schools suffered a decided loss in the withdrawal of Misses Green and Goodridge, both of whom obtained more desirable positions in Massachusetts. Following the recommendations made to you last year a reorganization was effected in these schools allowing for work to be done covering the first year of high school. While the number taking this work (four) has been fewer than hoped for I believe that the plan has been a success, that these pupils will be qualified to undertake the work of the sophomore year in such high school as they elect to attend and that the other pupils in the school have not suffered. The teachers in charge have shown a commendable spirit and the work accomplished has been very satisfactory.

In my report of last year I commented rather unfavorably on the situation at West Rindge. I am pleased to report that this school has shown marked improvement and at the present time stands as well as any in town—possibly the best. It is much to be regretted that there are still two pupils in this section who should be in school, but cannot be admitted on account of the requirements of the vaccination law.

On account of war conditions and the consequent high costs of practically everything that the district needs as well as the scarcity of capable teachers we shall be confronted by problems that will require careful study in their solution.

As the number of pupils in the present eighth grade is small I am suggesting for your consideration the elimination of the High school work at the Center (for next year) and the combining of these two schools under the direction of one teacher. I believe that this plan is feasible and that it will effect a substantial saving financially.

The last session of the legislature, during a temporary lapsus mentis, passed a law which decided complicates the financial problem for the present year. Heretofore the fiscal year has ended on February 15. Under the enactment above referred to the fiscal year beginning on February 15, 1917, has been extended to August 31, 1918, thus adding substantially a half-year of expense that must be provided for at your annual school meeting in March that is, this meeting must appropriate money to carry the schools through the present school year and also for a full school year from September first next. In order to do this without entailing undue hardship upon the district it will be necessary to seek out and put into effect every economy that is possible without lowering the standard of efficiency in the schools. This may involve shortening the school year to 34 weeks, but I should not advise this being done except as a "last resort".

The screening of all school-rooms and out-houses which was accomplished last summer brought about a decided hygienic improvement. For the immediate future I see no special outlay upon the school plant except that a beginning should be made in providing modern adjustable seats for the pupils. This need shows itself most markedly at West Rindge and I should advise that at least a few seats of suitable type be provided there during the coming summer. Your fuel costs will be much larger next year than ever before as there is an increase of about 40 per cent

in the cost of wood and transportation will continue to be a large drain upon your finances.

Appreciating your faithful and conscientious service and thanking you for your hearty cooperation, I am

Yours very truly,

O. H. TOOTHAKER,  
*Superintendent.*

Fitzwilliam, N. H., January 31, 1918.

## School Calendar

---

In view of the uncertainties as to length of school year and other unforeseen problems that may arise it seems wise to make no recommendations at this time as to exact dates of opening and closing schools for the next year.

---

### SCHOOL SAVINGS BANK

During the past year the pupils have continued their savings bank deposits in a highly commendable manner. For a time at least this plan will be largely displaced by the equally desirable "thrift Stamp."

---

### ROLL OF PERFECT ATTENDANCE

School Year 1916-1917

For the full year: None.

For two terms: Harvey Wilder, Alfred Gauthier, Richard Rice, Clara Cleaves.

For one term: Margaret Fuller, Richard Stearns, Emily Wood, Roland Goddard, Amy Goddard, Fredabelle Hale, Mabel Todd, Richard Rice, Ralph Wilder, George Wood, Francis Co-burn, Marion Maxwell, William Wilder.

## Vital Statistics
